

TECHNICAL SPECIFICATION – Load binder for Dyneema lashing chain	
Load binder for Dyneema lashing chain	
Application	Lashing
Lashing equipment manufactured according to standard:	DIN EN 12195-2/3
MAX CAPACITY*	
Minimum break load(kN)	200 kN
Maximum lashing capacity(kN)	100 kN
Normal tension(kN)	100 kN

NOT FOR LIFTING PURPOSES

Please consult the KLEINVELD Engineering department for equipment details, equipment applications, stability or any other further technical support.
